

MTS TOOS Co.

is an **ISO TS/29001-2010** certified manufacturer of

RIG STEEL WORKS . Our goal with every order and for every client is to provide oilfield products and services that not only satisfy statutory and regulatory requirements, but also rather, to provide products that elevate the very standard of work in our industry. This is achieved by catering to our customers' specific needs and by exceeding each customer's requirements and expectations.

To do this, we apply our vast years of experience and technical know-how to create innovative and industry-leading solutions for the most challenging of drilling needs. We use best steel and only the best third party parts or equipment; we strive to continually improve our effectiveness through our Quality Management System, monitoring our performance, and leadership; and we guarantee our work with one-year structural warranties on every product that we deliver.

Features/Benefits

MTS Solutions is a supplier of

RIG STEEL WORKS.

we also have the in-house expertise and experience to design, project manage and manufacture. Our in-house engineering capability includes Piping Engineers, Structural Engineers and Power and Control Engineers. This ensures we can execute the whole system design internally, without the reliance on external engineering support
